## Why Pharma Machtech and Labnext Expo 2025

Inspired by the Hon'ble Prime Minister, Shri Narendra Modi's vision of Atmanirbhar Bharat for the health care sector, with an emphasis on accessibility, affordability, and holistic well-being for citizens across the globe, an integrated event was held that showcased the full spectrum of health care segments. Envisaged as a holistic exhibition, the event brought together diverse sectors, including pharma machinery, pharmaceuticals, medical devices, nutraceuticals, services, and AYUSH.

As a leading stakeholder of the event, EEPIC India launched the first editions of two major shows: Pharma Machtech and Labnext Expo 2025, held from 4–6 September 2025 at Bharat Mandapam, New Delhi. These new exhibitions focused on the pharma machinery sector and the laboratory and scientific instruments sector, respectively. The shows aimed to channel resources and enable industry participants to showcase technological developments, cutting-edge machinery, and the latest advancements in pharma manufacturing and diagnostics.

The strategic choice of Bharat Mandapam, New Delhi, was made to encourage maximum participation from domestic and international companies, visitors, policymakers, and academia.

# Impressive debut edition

The event was held from 4–6 September 2025 at Bharat Mandapam, Hall 6, New Delhi. The twin shows focused on the pharma machinery and laboratory segments. The debut edition of the two shows was impressive, with a layout of 6,000 sq m displaying a wide range of pharmaceutical machinery, production systems, cleanroom technologies, packaging machinery, and laboratory, diagnostic, and scientific instruments.

The variety of machines on display catered to the drug manufacturing industry as

## Exhibition space

6,000 sq m of comprehensive display area

## Wide range of pharma and lab products

Pharmaceutical machinery, production systems, cleanroom technologies, packaging machinery, and laboratory, diagnostic, and scientific instruments.

**Shri Piyush Goyal, Hon'ble Union Minister for Commerce and Industry, speaking at the CXO Conference**

well as the chemical, hospital, and food processing industries. A total of 120 exhibitors showcased their top-notch products, demonstrating the prowess of the Indian pharma machinery sector. The diversity of companies added further depth to the exhibition.

More than 10,000 visitors—including international delegates—flocked to the event. Exhibitors received more than 300 business enquiries from visitors and business partners.

### **CXO Conference**

A closed-door, one-to-one meeting was held with Shri Piyush Goyal, Honourable Minister for Commerce and Industry, Government of India, and other senior government officials. The meeting deliberated on the promotion and growth of the sector, as well as

initiatives being taken by the government to boost the industry. More than 100 CEOs and senior officials from the pharma machinery and pharmaceutical sector participated in the event and articulated their views.

### **Technical conferences**

Two special technical conferences were held to discuss and chart ways to navigate the industry and set trends for the future. More than 10 speakers, including policymakers, drug control authorities, representatives from research organisations, corporates, and academia, participated in the conferences.

Mr Ashwin Haleyr, Partner (Pharma & Lifesciences) at PwC India, moderated the session on 'Government's regulatory roadmap for the pharma machinery and lab equipment industry for

One of the Technical Conferences in session

More than 10,000 visitors, including international delegates flocked to the event. Exhibitors received more than 4,800 business enquiries from visitors and business partners.

Over 100 CEOs attended the CXO Conference

Two special technical conferences were held to discuss and chart ways to navigate the industry and set trends for the future. More than 10 speakers, including policymakers, drug control authorities, representatives from research organisations, corporates, and academia, participated in the conferences

innovation, manufacturing excellence, and global positioning.’

Shri Arvind Kukreti, Deputy Drugs Controller (India), Central Drugs Standard Control

Organisation, contributed to the discussion and provided much-needed clarity and a future roadmap from the government’s perspective. The session was highly impactful. Mr Ajit Singh, CEO, ACG Group, and Dr Govind Shankar Pandey, CEO & Managing Director, GMP Technologies Pvt Ltd, shared their valuable insights on “Industry perspectives: regulatory challenges, achieving manufacturing excellence, and export success.”

The other technical conference deliberated on the ‘Role of the pharmaceutical machinery and lab equipment sector in building a more resilient, human-centric, and environmentally responsible healthcare ecosystem’.

Representatives from Reach Law and the EU Chamber of Commerce articulated their views and stressed the importance of emerging technologies and global standards.

The wide-ranging participation of exhibitors, visitors, and government officials established the exhibition as one of the premier and most sought-after events and positioned it as the only wholly-integrated pharma and health sector exhibition. The conference addressed contemporary issues, challenges, and opportunities faced by the industry, as well as the steps needed to ensure its growth and development, especially in the context of a dynamic geopolitical scenario.

# Inauguration

Opened by Shri Piyush Goyal, Hon'ble Minister of Commerce and Industry, Government of India

The event was inaugurated by Shri Piyush Goyal, Hon'ble Union Minister for Commerce and Industry. Speaking on the occasion, the Minister emphasized India's critical role in global healthcare and its responsibility to ensure equitable access to affordable, quality medicines. He underlined India's position as the 'Pharmacy of the World' and called for deeper global collaborations to strengthen healthcare systems worldwide.

The inaugural session highlighted regulatory convergence and global collaboration to improve access to quality, affordable medicines globally. The pharma industry lauded the Government's initiatives to facilitate ease of business and, ultimately, ease of living for both India and the world.

Left, Shri Piyush Goyal, Hon'ble Union Minister for Commerce and Industry, speaking on the occasion; above, a section of the audience

Shri Goyal at the inauguration of the two shows

Addressing the gathering, the Commerce Minister reaffirmed the government's commitment to facilitating market access, reducing trade barriers, and ensuring that Indian exporters remain globally competitive. "Every child in India deserves high-quality medicines at affordable prices. Our pharma industry is ensuring this not just for India but for the entire world, making India truly the Pharmacy of the World. As we celebrate the launch of iPHEX, Pharma MachTech & LabNext Expo, and other concurrent exhibitions—an auspicious milestone—we reaffirm our collective resolve to build a self-reliant India with robust supply chains and global impact. This strength will drive our journey toward Viksit Bharat 2047," he said.

### **Machinery and technology at the core**

While iPHEX showcased the demand side of India's pharmaceutical strength, the co-located Pharma MachTech Expo and LabNext Expo, organized by EEPC India, highlighted the supply chain backbone. Backed by over 800 machinery and equipment manufacturers, with production worth about Rs 1,800 crore, India is steadily emerging as a major global supplier of pharma machinery, reaching more than 100 countries.

"The trade shows are helping participants discover investment and business opportunities in India's fast-growing healthcare sector. By enabling partnerships across the value chain, they accelerate growth and innovation," said Mr Pankaj Chadha, Chairman of EEPC India. "Pharma MachTech showcases automation systems, clean-room technologies, and packaging solutions, while LabNext focuses on biotech tools, diagnostic devices, and lab automation—areas that remain critical as the industry adapts to stricter global validation standards", Mr. Chadha added.

# Other concurrent shows at the venue

## iPHEX

An exhibition that brought together the pharmaceuticals, drugs, and healthcare industries, all under one roof. iPHEX has grown into India's most credible global touchpoint for pharmaceutical exports. This platform acts as a direct bridge between policy, regulation, and market opportunity, giving buyers the confidence that Indian exporters deliver not just affordable medicines, but assured quality and global reliability.

iPHEX is one of the largest showcases of Indian pharmaceutical products and technologies for a global audience.

Over 600 overseas buyers from focus regions participated in iPHEX.

The 11th edition of iPHEX was held concurrently with Pharma Machtech and LabNext Expo 2025.

The curtain raiser of iPHEX 2025: Present on the occasion were Mr. Amit Agrawal, IAS, Secretary, Department of Pharmaceuticals, Ministry of Chemicals and Fertilizers; Mr. Nitin Kumar Yadav, IAS, Additional Secretary (EP-Pharma), Ministry of Commerce & Industry; Dr. V. Kalaiselvan, Secretary-cum-Scientific Director, IPC; Mr. R. Chandershekar, Joint Drugs Controller, CDSCO; Mr. Pankaj Chadha, Chairman, EEPC India; Mr. Namit Joshi, Chairman, PHARMEXCIL; Mr. Bhavin M Mehta, Chairman – iPHEX 2025 & Vice Chairman, PHARMEXCIL; and Mr. Raja Bhanu, Director General, PHARMEXCIL

A view of the India MedTech Expo 2025

## 1. India MedTech Expo 2025

The Department of Pharmaceuticals, Government of India, and the Export Promotion Council for Medical Devices (EPCMD) organised the second edition of India MedTech Expo 2025. As in previous years, this edition was supported by all major medical devices sectoral industry associations.

India MedTech Expo 2025 was held at Bharat Mandapam, New Delhi, from 4 to 6 September 2025, with a focus on showcasing India's achievements and opportunities in the sector. The event brought together all stakeholders, including PLI participants, start-ups, MSMEs, innovative entrepreneurs, R&D facilities, incubators, and public and private hospitals. The expo aimed to collaborate with related departments and organisations, such as DBT, CSIR, IITs, and state governments. It also provided a platform to showcase products and services to stakeholders in the medical devices sector.

## 2. Bharat NutraVerse

SHEFEXIL, the designated Export Promotion Council for Nutraceuticals, convened global leaders in nutraceuticals, nutrition, health, and wellness at the Bharat NutraVerse Expo 2025, held from 4 to 6 September 2025 at Bharat Mandapam, Pragati Maidan, New Delhi.

The Bharat NutraVerse Expo 2025 was an international landmark event, designed to connect the most influential leaders across government, industry, research, and investment.

The fair is supported by the Ministry of MSME under the Procurement and Marketing Support (PMS) Scheme. The details of the relevant components of the Scheme are:

**Component 5 (1) (A) Participation of Individual  
MSEs in Trade Fairs / Exhibitions:**  
Max Budgetary support upto Rs. 1.5 lakh for Metro and A-class cities and Rs. 0.80 lakh for other cities. (Event duration: at least 2 days) to Micro and Small Enterprises (MSEs) for participation in approved Trade Fairs/ Exhibitions subject to the scheme's guidelines.

For further details, the MSME-Development and Facilitation Officer (PMS) Okhla, New Delhi may be contacted at landline no.:  
011-26838118,  
011-2638068  
E-mail: [dcdi-ndelhi@dcmsme.gov.in](mailto:dcdi-ndelhi@dcmsme.gov.in)

The Expo featured a comprehensive venue branding strategy to create a strong visual identity, enhance visitor experience and maximise exhibitor visibility. The branding elements were strategically placed to ensure high engagement and brand recall. This strategy effectively elevated the Expo's atmosphere, strengthened sponsor visibility and enhanced visitor engagement, contributing to the event's overall success.

# Participation by SMEs

The event was approved by Ministry of MSME under the Procurement and Marketing Support Scheme (PMS). The support from the ministry was very helpful for the SMEs to participate in the event. A total of 51 companies availed the benefit of the PMS scheme and participated in the event.

# ■ Promoting the shows

# Conclusion

Pharma Machtech and Labnext Expo, along with other concurrent shows, have emerged as a major, integrated healthcare event covering the entire value chain, including pharmaceutical machinery, laboratory equipment, medical devices, nutraceuticals, and various health-related services.

The exhibition reflected a holistic approach, catering to the entire spectrum of the pharmaceutical and healthcare industry. The participation of all relevant stakeholders made the event highly effective and a major attraction for both exhibitors and visitors.

The well-crafted CEOs' roundtable and technical seminars proved to be another outstanding feature of the expo. The presence of the Hon'ble Union Minister of Commerce, Shri Piyush Goyal, along with other senior government officials, technocrats, and top corporate representatives, made a lasting impact and added significant value to the event.

The expo served as a platform for collaboration, knowledge exchange, networking, and fostering synergies. Companies showcased the latest innovations, technological advancements, and customized product offerings. The event also emerged as a stage for presenting sustainable, future-ready machinery, further strengthening India's positioning in the global healthcare segment.

Overall, the expo offered a unique platform for exploring business opportunities, technological advancement, and forging new partnerships. EEPC India aims to host the second edition of the expo next year, which is expected to be even bigger and better.
